

## Healthcare Associated Infections (HAI)

# Skills Demo & Train the Trainer

Introducing our new Train-the-Trainer program for Infection Prevention Skills Demonstration and Auditing. Infection Preventionists will come to your facility and educate staff on proper Hand Hygiene. Everyone can benefit from this training! Invite your clinical staff, environmental services, dietary, and even your administrators! This includes training your Infection Preventionist on the skills auditing process.

**After attending this training, participants will be able to:**

- Describe what hand hygiene is and its importance in a healthcare setting.
- Identify best practices on when to use soap and water or alcohol-based hand rub/sanitizer.
- Demonstrate effective hand hygiene techniques using soap & water and alcohol-based hand rub/sanitizer.
